Introduction

For those who don't know, once upon a time I made a group on facebook about facebook called "As Seen On Facebook". This is because I found my friends to be amusing and I was perpetually LLOLing (**Literally Laughing Out Loud**™). At first, I searched for a group like this one, and was amazed to find that one didn't exist, or it was titled so obscurely that it was impossible to find. So I took one for the team and created said group, and was mocked by my friends that I had too much time, and nobody would get it.

4 months later, complete strangers were adding me as friends. Just by keeping an eye on the member list, you will notice it is growing by quite a few people everyday. Not a single 24 hours pass without a new screenshot being added. Yes, my plan was working, **The Lol Effect**™, the idea that eventually, anytime someone lol'd, we could all lol with them. Some might say I am making Facebook a better place. Others have said I am completely ruining it. Either way, I would love to sleep with you.

Of course, people are born to complain. Soon there were comments that the quality was getting poorer and I should delete the unfunny pics. But who decides what is shit or not? Me? You? I didn't want to discourage people by deleting their posts, I wanted people to feel free to put up what they considered funny. I am not the authority on what is funny. But how could I fix this problem? It was bound to get worse, as more and more boring people uploaded their posts, right? So how could I separate the best from the weak without becoming a dictator?

Wha-lah, you're looking at it. So please enjoy your Free eBook here, at least you know I take this very seriously, as lame as that is. As members, I will always treat you right, don't worry about a thing honey. It did take me a while to make, so if you could spread it around a little and together we can make something really massive here. And if you are NOT a member of ASOF... jesus dude.

Oh, and everyone! Post your screenshots!! And who knows? You could be the number 1 star of volume 2...

Note to old-school ASOFers: There are some good ones left out, I know this. And you may disagree with the order, but let me assure you that it was based completely on my taste, and so I am pretty happy with it. Also, sorry there are so many posts from me. I just realised that (surprise surprise) I post more than anyone else.

Dan Little doesn't even know how to ride bikes properly, he crashed her and has to take the train to work now. He also once fell down the stairs at school and we all laughed at him.

Jared Treason Woods **at 09:03 on 23 June** · **×**
Paul Van Rensburg likes to act cool, but in reality he has never been laid even though he is married. He cries himself to every night because of this fact.

Jared Treason Woods **at 09:03 on 23 June** · **×**
Dan Little enjoys ass raping so much, that he practically is begging me to come back to South Africa and show him how it's done. Besides this, he failed every subject in Waterk, which has been a pattern for his whole life.

Jared Treason Woods **at 09:04 on 23 June** · **×**
Dan Little wants attention so badly that he can't stop writing on my status, because even when he is being insulted, at least someone is saying his name.

Jared Treason Woods **at 09:07 on 23 June** · **×**
Just the fact that I have now written Dan Little's name 4 times proves that he is one big knob and this one time, I walked in on him trying to suck his own dick. He wasn't doing so well.

Jared Treason Woods **at 09:08 on 23 June** · **×**
Paul Van Rensburg has "big black smelly balls", apparently (direct quote).

Jared Treason Woods **at 09:11 on 23 June** · **×**
There is nothing more I could say about Dan Little that all his friends, or girlfriends and family haven't said already. Loser.

Jared Treason Woods **at 09:25 on 23 June** · **×**
Paul Van Rensburg also likes abuse apparently. Some might say he thrives on it. This may be why he has never been laid and has big black smelly salty balls.

Jared Treason Woods **at 09:25 on 23 June** · **×**
I'm have fun mate.

Jared Treason Woods **at 09:25 on 23 June** · **×**
Dave Adams is liar. He likes to lie to little girls to get them into bed. This stems from some deep rooted problem that started in his youth that he will never tell anyone about. But I know. Oh yes... I know...

Jared Treason Woods **at 09:50 on 23 June** · **×**
Faure Teggin hates his own face so much, that he is scared to show it on facebook. Even worse is that he is in a relationship with a Manga character that he set up a facebook for. I'm starting to think Faure lacks some very important social skills and would possibly be better off getting married in World of Warcraft.

Jared Treason Woods **at 11:04 on 23 June** · **×**
Faure Teggin once fit an entire glass bottle up his own anus. He considered it his greatest achievement and uploaded it to Pornhub. However, his ratings were poor and general comments were "what's wrong with your sack? why does it look like a beer?"

Jared Treason Woods **at 11:09 on 23 June** · **×**
Nicci Lawrence collects semen from all her ex-boyfriends in a coke bottle. She was planning to sell it on ebay by December, but couldn't collect enough because she kept drinking it. She now resides in a mental institution in Denmark.

Jared Treason Woods **at 09:09 on 23 June** · **×**
Richard Teets Kyriakides pretends to be gay, but in fact only sleeps with small animals. He sometimes lies to put his pet snake in his anus and his spider in his mouth, while he spins around listening to The Beach Boys. Some say he has done too much ketamine, but I think he has always been like this.

Jared Treason Woods **at 03:23 on 23 June** · **×**
Jason Van Deventer still has never seen a public bar on his body. I swear to God, I know the girl who told me. He is so ashamed he even masturbates with the light out, so she said. In Jason's defence, he has been shooting steroids since he was 12 and at least he floozes.

Jared Treason Woods **at 04:44 on 23 June** · **×**
Yes, I forgot to mention that Jason Van Deventer shits himself regularly. It's not a condition, he does it on purpose. I swear to God I saw him do it. It's heavy. Some guy told me Jason shat himself in a public swimming pool and then this one mother drowned while holding her baby, true story.

Jared Treason Woods **at 05:25 on 23 June** · **×**
I think I have said everything that needs to be said about Jason Van Deventer, but in summary: it's probably in your best interest to leave him alone forever.

Kerri Bowie: Anyone care to take a guess who our mystery friend "Evelyn" is? Apparently all of us who have belonged to this group for a while know her quite well. Anyone? Take a flying guess y'all...

Christal Howie Oh no, it's not is it? To go as far as to make a whole new profile.....

Kerri Bowie: Oh yes my fellow ASOFB'ers...it is she of the hamsters and cats. My friend busted her. Don't know how she managed to do that but she figured it out.

Psylecta De Sousa: wow....i think she just hit a new level of lame and desperate, but with this chick there's always progression, so im hak amped to see whats the next wack thing she pulls out of her ass!!

Yolandie De Jager: Yes its true my dear Watsons... it's she with the mxit boyfriend who was glad she took photos of her dead cats blood trail before it rained away... She with status updates like...S**** is turned on and wants something inside her :-)
Yes, I hidd you not...The sadest part, how do I know this? I spent many a happy moments reading her updates, truly a laugh a minute.I have a few brilliant screenshots saved from before she made her profile private.
Shall I...
